Homework 10

28.4.12 Trajectory Tracking

- 1) Turn in your best plots of following the step and cubic trajectories in Figure 28.5 with the load attached. Indicate the control gains you used, as well as their units.

$K_i = 100.0$
 $K_d = 0.0$
 $K_p = 1000.0$

Step

Cubic
